This Qualified Default Investment Alternative (QDIA) notice gives you important investment information related to your account under the Chesapeake Medical Staffing 401(k) Plan (the Plan). **You should read this notice very carefully to understand how your Plan account assets will be invested if you do not make an investment election.** Your assets will be invested in the investment fund(s) listed below because you have not elected to invest in other investment fund(s) available under the Plan.

The Plan lets you invest your account in a number of different investment funds.

Unless you choose investment fund(s), your Plan account will be invested in the following investment fund(s):

Investment Fund:	Birth Year
Great-West Lifetime 2015 Fund T1	1900 to 1955
Great-West Lifetime 2025 Fund T1	1956 to 1965
Great-West Lifetime 2035 Fund T1	1966 to 1975
Great-West Lifetime 2045 Fund T1	1976 to 1985
Great-West Lifetime 2055 Fund T1	1986 or later

Great-West Lifetime 2015 Fund T1	Investment Objective & Strategy
	The investment seeks income and secondarily, capital growth. The fund invests in a professionally selected mix of underlying funds that is tailored for investors planning to retire in, or close to, 2015 (which is assumed to be at age 65). It is designed for investors who plan to withdraw the value of their account in the fund gradually after retirement. The adviser currently expects to invest 35-55% of its net assets in underlying funds that invest primarily in equity securities and 45-65% of its net assets in underlying funds that invest primarily in fixed income securities. While the fund is non-diversified, it invests in diversified underlying holdings.
Fund Investment Expense as of 09/30/2016	Risk and Return Profile
Gross: 1.00% Net: 0.98%	This investment option may be most appropriate for someone willing to take some risk to achieve higher potential returns but also seeking income as a secondary objective. The investor may be in or approaching retirement or may prefer to take less risk than other investors. Investors choosing this option want to invest in a mixture of diverse investments suiting their needs but may not have the time, desire, or knowledge to select and manage their own portfolios. The date in a target date fund's name represents an approximate date when an investor is expected to retire (which is assumed to be at age 65) and/or begins withdrawing money. The principal value of the funds is not guaranteed at any time, including the target date. Asset allocation and balanced investment options and models are subject to the risks of the underlying funds, which can be a mix of stocks/stock funds and bonds/bond funds. For more information, please refer to the fund prospectus and/or disclosure document.
